

Week	Dates	Tuesday		Thursday		1-hour Lab	Assignment	Quiz
0	Sep 7-11	NO CLASS (Imagine Day)		0: Introduction	1a: Memory & Numbers	NO LAB	A0: Setup	NO QUIZ
1	Sep 14-18	1a: Hex, Endianness, Alignment		1a: Alignment & Shifting	1b: CPU & Registers	OFFICE HOURS ONLY	NO ASSIGNMENT	Q0: CPSC 110/121/210
2	Sep 21-25	1b: Global Statics		1b: ISA for Variables		L1: Numbers & Memory	A1: Numbers & Memory	NO QUIZ
3	Sep 28 - Oct 2	1b: Dynamic Arrays & Pointers		1b: Pointers	1b: Structs	L2: CPU & Static Variables	A2: CPU & Static Variables	NO QUIZ
4	Oct 5-9	1b: Structs & Dynamic Allocation		1c: Dynamic Allocation	1c: Memory Management	L3: Dynamic Arrays & C Pointers	A3: Dynamic Arrays & C Pointers	Q1: L1-2; A1-2
5	Oct 12-16	1c: Memory Management & Reference Counting		1c: Reference Counting	1d: Control Flow - Introduction	L4: Structs & Dynamic Allocation	A4: Structs & Dynamic Allocation	NO QUIZ
6	Oct 19-23	1d: If statements & Loops		1d: Loops	1e: Procedure Calls	L5: Memory Management	A5: Memory Management	Q2: L3-4; A3-4
7	Oct 26-30	1e: Local Variables & Arguments	1e: Procedures & the Stack	1e: Stack Smash	1f: Polymorphism	L6: Static Control Flow	A6: Static Control Flow	NO QUIZ
8	Nov 2-6	1f: Generic Functions	2a: PIO, DMA, Interrupts	2a: Asynchrony		L7: Procedure Calls & the Stack	A7: Procedure Calls & the Stack	Q3: L5-6; A5-6
9	Nov 9-13	NO CLASS (Midterm Break)		2b: Threads		L8: Dynamic Control Flow	A8: Dynamic Control Flow	NO QUIZ
10	Nov 16-20	2c: Races & Mutual Exclusion		2c: Atomicity & Spinlocks		L9: I/O & Asynchrony	A9: I/O &Asynchrony	Q4: L7-8; A7-8
11	Nov 23-27	2c: Mutex & Condition Variables		2c: Mutex & Condition Variables		OFFICE HOURS ONLY	A10: Threads & Synchronization	NO QUIZ
12	Nov 30 - Dec 4	2c: Semaphores		2c: Semaphores & Deadlock		L10: Threads & Synchronization		NO QUIZ
13	Dec 7-11	NO CLASS (last day: Dec 7)				NO LAB	NO ASSIGNMENT	NO QUIZ

NOTES

Quiz coverage is indicated by colour coding. For example, L5 and A5 correspond to unit 1c: Memory Management and Reference counting, since they are the same colour. The SM213 ISA will be provided during quizzes and the final exam via a link in the assessment page above the question list. Assignments are due on the Saturday of the indicated week, with the 24-hour grace period ending Sunday at 11:59pm. Labs will be made available on PrairieLearn on Monday mornings, but the attendance code question must only be submitted while attending and checked into the lab.
